Contents

SPONGE RESEARCH DEVELOPMENTS

Preface: Sponge research developments

M. Maldonado · X. Turon · M.A. Becerro · M.J. Uriz 1

No longer Demospongiae: Homoscleromorpha formal nomination as a fourth class of Porifera

E. Gazave · P. Lapébie · A.V. Ereskovsky · J. Vacelet · E. Renard · P. Cárdenas · C. Borchellini 3

Molecular phylogeny of glass sponges (Porifera, Hexactinellida): increased taxon sampling and inclusion of the mitochondrial protein-coding gene, cytochrome oxidase subunit I

M. Dohrmann · K.M. Haen · D.V. Lavrov · G. Wörheide 11

Phylogenetic reconstruction of Polymastiidae (Demospongiae: Hadromerida) based on morphology

A. Plotkin · E. Gerasimova · H.T. Rapp 21

First evidence of miniature transposable elements in sponges (Porifera)

D. Erpenbeck · J. Schmitz · G. Churakov · D. Huchon · G. Wörheide · B.M. Degnan 43

The mitochondrial genome of stygobitic sponge *Eunapius subterraneus*: mtDNA is highly conserved in freshwater sponges

B. Pleše · L. Lukić-Bilela · B. Bruvo-Madarić · M. Harcet · M. Imešek · H. Bilandžija · H. Četković 49

The complete mitochondrial genome of the verongid sponge *Aplysina cauliformis*: implications for DNA barcoding in demosponges

E.A. Sperling · R.D. Rosengarten · M.A. Moreno · S.L. Dellaporta 61

Genetic structure and differentiation at a short-time scale of the introduced calcarean sponge *Paraleucilla magna* to the western Mediterranean

M. Guardiola · J. Frotscher · M.J. Uriz 71

Relationship between genetic, chemical, and bacterial diversity in the Atlanto-Mediterranean bath sponge *Spongia lamella*

C. Noyer · M.A. Becerro 85

First evaluation of mitochondrial DNA as a marker for phylogeographic studies of Calcarea: a case study from *Leucetta chagosensis*

O. Voigt · V. Eichmann · G. Wörheide 101

Diversity patterns and zoogeography of the Northeast Atlantic and Mediterranean shallow-water sponge fauna

J.R. Xavier · R.W.M. Van Soest 107

Living on the edge: the sponge fauna of Australia's™ southwestern and northwestern deep continental margin

J. Fromont · F. Althaus · F.R. McEnulty · A. Williams · M. Salotti · O. Gomez · K. Gowlett-Holmes 127

Sponge gardens of Ningaloo Reef (Carnarvon Shelf, Western Australia) are biodiversity hotspots

C.H.L. Schönberg · J. Fromont 143

- Role of deep sponge grounds in the Mediterranean Sea: a case study in southern Italy**
M. Bo · M. Bertolino · G. Bavestrello · S. Canese · M. Giusti · M. Angiolillo · M. Pansini · M. Taviani 163
- Mangrove and coral reef sponge faunas: untold stories about shallow water Porifera in the Caribbean**
M.C. Diaz 179
- Qualitative variation in colour morphotypes of *Ianthella basta* (Porifera: Verongida)**
M.L. Freckelton · H.M. Luter · N. Andreakis · N.S. Webster · C.A. Motti 191
- Phenotypic variability in the Caribbean Orange Icing sponge *Mycale laevis* (Demospongiae: Poecilosclerida)**
T.-L. Loh · S. López-Legentil · B. Song · J.R. Pawlik 205
- Growth and regeneration of the elephant ear sponge *Ianthella basta* (Porifera)**
S. Rohde · P.J. Schupp 219
- The marine sponge *Ianthella basta* can recover from stress-induced tissue regression**
H.M. Luter · S. Whalan · N.S. Webster 227
- Nutrient utilisation by shallow water temperate sponges in New Zealand**
A. Perea-Blázquez · S.K. Davy · J.J. Bell 237
- Experimental silicon demand by the sponge *Hymeniacidon perlevis* reveals chronic limitation in field populations**
M. Maldonado · H. Cao · X. Cao · Y. Song · Y. Qu · W. Zhang 251
- Biosilica deposition in the marine sponge *Petrosia ficiformis* (Poiret, 1789): the model of primmorphs reveals time dependence of spiculogenesis**
L. Valisano · M. Pozzolini · M. Giovine · C. Cerrano 259
- Trace metal concentrations in the tropical sponge *Sphaciospongia vagabunda* at a sewage outfall: synchrotron X-ray imaging reveals the micron-scale distribution of accumulated metals**
A. Padovan · N. Munksgaard · B. Alvarez · K. McGuinness · D. Parry · K. Gibb 275
- Does concentrating chemical defenses within specific regions of marine sponges result in enhanced protection from predators?**
C.J. Freeman · D.F. Gleason 289
- Temporal variations in growth and reproduction of *Tedania anhelans* and *Chondrosia reniformis* in the North Adriatic Sea**
C.G. Di Camillo · M. Coppari · I. Bartolucci · M. Bo · F. Betti · M. Bertolino · B. Calcinai · C. Cerrano · G. De Grandis · G. Bavestrello 299
- Reproductive traits explain contrasting ecological features in sponges: the sympatric poecilosclerids *Hemimycale columella* and *Crella elegans* as examples**
A.-R. Pérez-Porro · J. González · M.J. Uriz 315
- Epibiont' "basibiont interactions: examination of ecological factors that influence specialization in a two-sponge association between *Geodia vosmaeri* (Sollas, 1886) and *Amphimedon erina* (de Laubenfels, 1936)**
B. Ramsby · A. Massaro · E. Marshall · T. Wilcox · M. Hill 331
- Deep sequencing reveals diversity and community structure of complex microbiota in five Mediterranean sponges**
S. Schmitt · U. Hentschel · M.W. Taylor 341
